California is alive with activity in parapsychology, metaphysics and other significant areas of human growth potential. Uni-Com Foundation directly supports this activity by serving as its information hub.

The major service which the Foundation now provides is UNI-COM GUIDE, a **monthly** calendar of spiritual and personal awareness activities scheduled throughout California. This popular publication allows "new age" organizations to announce in advance the dates and contents of their meetings to a large and interested audience of individuals and other organizations. The cost of publishing UNI-COM GUIDE is supported by paid advertising and by modest subscription fees of $3/year, or $5/two years.

In the process of gathering information for UNI-COM GUIDE, the Foundation becomes aware of leaders who are available for service in counseling, speaking, teaching, research, seminars and retreats. Frequently this awareness, discreetly coupled to organization needs for such talent, results in effective new relationships. Uni-Com Foundation does not solicit funds for this and other informal services but is supported by those who see the value of such work and voluntarily wish to become a sustaining part of it.

Uni-Com Foundation is a non-profit and non-denominational corporation which lovingly encourages the achievement of a loving society. Uni-Com also offers two additional services of a mail order book catalogue and a small monthly pamphlet of articles by Metaphysical teachers.

CASSETTE TAPES — UNI-COM FOUNDATION has initiated a high quality moderate cost tape cassette recording and duplication service operated by Ray Fuess. Tapes of existing lectures are available for $3.00 per tape. Recording service for lectures and seminars is also available. Current list of tapes is available from the Foundation.

FROM THE DIRECTOR

As we stand upon the threshold of a new year, we give thanks for the spiritual growth, for the monitary growth and for the awareness of each of you as you listened and learned. As you brought forth and developed the pure white light, that light that never fails, although it has been veiled to many in the past, it is now being revealed in its oneness. We ask you, each one, to reflect upon the prisms of color that make up the red ray, or the orange ray, or the yellow, or the heliotrope ray. Love is manifesting through all of them.

During this coming year of 1973 let each of us become a pure white prism of light radiating each of the seven rays that make up this pure white scintillating light. Let us join together to become once again beacons of light, that we may welcome all into this beautiful focus. The White Light is the Divine Radiance of the Father of the Cosmos -- The Logos. It is the Light of Christ-Consciouness, Supreme Power, Purity, Perfection -- The Primary Healing Power. It is the Light of Oneness with all life.

So let us become aware of the the seven rays that make up that which we wish to become. The Red Ray that brings forth vitaility, energy, and warmth of fellow man. This ray has a immense physical effect on man, so let us each one see it in all its spendor warming the hearts of every one we meet, letting it stream forth in love as we greet each other. The orange Ray of wisdom and heavenly counsel, combining physical energy with mental wisdom. The Yellow Ray of awakening, inspiration and intelligence. The Ray of enlightement. The Green Ray of compassion, healing and brotherhood. The azure Blue Ray of tranquility, devotion and of loyalty. The Indigo-Purple Ray of righteousness, power and spirituality. The Heliotrope or Violet Ray of power, inspiration, and divine understanding.

As we stand forth at the end of the year radiant in our splendor; then can we convey to the world; the power, the wonder of the seven rays in one. Of the Cosmic light of the pure white ray of serenity, joy and peace which can encompass the universe.

I would ask that each of you be presented with the knowledge of unfoldment in the way that is best for you. Each of us has a different path of learning and a different teacher with whom to work, but in the end all paths lead to the oneness within. For you may it be a joyous year, of spiritual and mental growth; leading you on to higher and higher planes of experience.

Patricia

We would like to share with you the following, which was written by Donald West

I hope you have enough
of all that is right for you to have
of Joy
of Contentment
of Peace
of the urge to do right
along your chosen path
to know
to understand yourself
to be sure
to have good health
of friends
of wealth
no matter how you measure it
in dollars
a home
a job
things
of an appreciation of this world
and all that is in it
of loving
those around you
yourself

They practiced a common system . . . and moved the known world!

The secret science of the masters has been re-discovered and offers you self-development far greater than thought possible centuries ago.

JESUS

Jesus of Nazareth probably the world's first nuclear scientist, practiced a secret system. Just what this secret science was has escaped the world's best thinkers for nearly 2,000 years. Now it has been rediscovered in its entirety. That this secret science was known to other world teachers has now been proven.

BUDDHA

Guatama Buddha was a prince and lord of ancient India. Yet he wanted something better out of life. His search for the secrets of life is known to all those who have read of his fascinating quest. Today thousands of students apply techniques of meditation and believe they have found the all of Buddhism. This is not so.

VIRACOCHA

Viracocha of Peru walked the Americas teaching the lost arts of self realization. He assumed many different guises and was known under various names. He taught man how to develop his latent potential, how to regenerate himself and live to great ages. With the coming of the Spaniards the secrets of his teachings perished.

Write today for information on this amazing, new discovery.

THE ART OF THE COSMOS

A School & A Technique

The Art of The Cosmos, is a beautiful experience of blending colors and images that touch a deep spiritual awakening within each student. Work is done with the hands, no brush or pallet, using techniques that have been developed over many years. When the hand comes in contact with color a very strange and wonderful feeling is in store for the student . . . Classes are usually conducted with a background of music. The student has the opportunity of learning self awareness, creativity and spiritual advancement through these techniques!
